Subject: Upper Kings Proposition 84 Implementation Grant Funding

Dear Mr. Joseph:

The Fresno Irrigation District is pleased to support the Upper Kings River Forum's selection for Proposition 84 grant funding and strongly supports the proposed projects it encompasses. As you may know, the Kings Basin is in overdraft and the Forum is working with local stakeholders to design and implement projects that will ensure a long-term reliable water supply for current and future agricultural and municipal users.

The proposed work efforts are needed to develop groundwater recharge projects, water conservation projects, and address water quality issues in Disadvantage Communities that meet the objectives identified in the Upper Kings Basin Integrated Regional Water Management Plan.

Thank you for your continuing support and assistance in meeting the Upper Kings Basin regional water objectives.

Sincerely,

Gary R. Serrato
General Manager
